Subject: Permit Suspended for Failure to Pay Required Permit Fees, Bromide Mining LLC., Bromide Basin Mine, S/017/0031, Garfield County, Utah

Response Required by: May 22, 2015

Dear Mr. Goldgraber:

Authorization to operate under the Bromide Basin Notice of Intention to Commence Small Mining Operations is suspended for failure to pay the annual permit fee. Rule R647-3-101.5 says, in part, "A permittee's authorization to conduct small mining operations shall require the paying of permit fees" Division records indicate you have failed to remit your annual permit fees for the referenced mine for the year 2015.

You are hereby directed to cease all mining related activities, including the removal of previously mined materials, until the permit fees are paid in full. You are further directed to remit the past due amount of \$150.00 by May 22, 2015 to remove the suspended status. The attached billing statement also includes the current year; you will not be billed separately for this amount.

Failure to provide all permit fees by this date may result in the Division taking enforcement action, including the assessment of civil penalties, and/or withdrawing the Notice of Intention and requiring immediate reclamation of the site. Withdrawal of the Notice of Intention would terminate your right to mine and could result in forfeiture of the reclamation surety if the site is not reclaimed.

If you believe the Division records are in error, you may provide a copy of cancelled checks to document your past payment(s). If you have addition questions or concerns regarding this letter, please don't hesitate to call me at (801) 538-5261 or Wayne Western at (801) 538-5263. Thank you for your prompt response.

Sincerely,

Paul B. Baker
Minerals Program Manager
